>
> The immense leves at Morganza, below the mouth of Red river, in Pointe Coupe parish, La., gave way on the 27th last, and the whole of that state between the Atchafalaya and Mississippi rivers will doubties be inundated. The New Orleans Crescent of the Esth says:
>
> By the arrival last evening of the stramer Monsoon from Shreveport, we issure that at the time of her passing the break at Grand Levee yesterday morning, the waters were pouring through the opening in a terrific terrent, giving to the crevasse the appearance of a cataract, and spreading thence over the country far and wide. We learn, also, that some forty miles above the city, on the left bank of the river, the water had overtopped the levee, and was brimming over into the fields beyond. There MARY HWAN the left bank of the river, the water had overtopped the levee, and was brimming over into the fields beyond. There really appears now, much doubt, in view of these facts, and the additional rise reported in the rivers above, as to the possibility of averting more overflows and crevasses of a disastrous nature.
>
